Congratulations... You have a voucher for an Introductory Experience Flight!

Each Introductory Experience Flight voucher is valid for a flight of approximately 35/40 minutes duration. Your flight will be in a light sports training aircraft (Tecnam P2002) with a flight instructor or a designated / approved Private Pilot. Limerick Flying Club is a not-for-profit organisation run by volunteers. Before you fly with us you will need to become a Temporary Member for insurance purposes; to do this simply fill out the form below and return it in advance of your flight. This will allow you to take a maximum of two flights. Thereafter if you wish to continue and take flying lessons, and we certainly hope that you will, you will need to apply for full membership.

To book a flight, you should send an email to lfcdutypilot@gmail.com or phone / call to the club in person. The club is not always attended (nor is the phone) on weekdays (Monday - Friday). Therefore, the weekend is the best time to contact us in person. You may also contact us through Facebook Messenger. When booking please indicate that it is for an "Introductory Experience Flight." We will require all the information set out in the attached form. In the winter, because of limited daylight hours, flying is usually restricted to weekends. However, in the summer, flying is also possible on weekdays and evenings subject to the availability of and by prior arrangement with an instructor or designated pilot. Please arrive at least 30 minutes before your booked time. All bookings are subject to appropriate weather for a safe and enjoyable flight and will be subject to cancellation if weather is unsuitable. We apologise in advance of such disruptions and we will get you rescheduled as soon as possible.

Finally due to operation limits set by the aircraft manufacturer (TECNAM) we regret we cannot facilitate flights for anyone over 90kgs or 6'3". If you are impacted by these weight and height restrictions, please contact us.

Kind regards
Harry McNamara
 Chairman LFC
